

2010 International Pistol Match

February 27th, 11:00 AM Minneapolis Rifle Club
Small Bore House

Winter Free Pistol Match

This will be the first of the annual series of Free Pistol matches in the area. This will be a non sanctioned event, neither NRA approved or a USA Shooting PTO, but a formal getting together of the area free pistol shooters for a 60 shot match. The fee will be nominal, all going to the MRC. The total will be \$10, and of that, \$3 is for targets, \$2 is for heat, and the balance for range usage.

Yes we will be heating the building and it gets quite comfortable but be advised that insulated boots are going to be welcome as the concrete floors do not really heat well and during the shooting, with the windows open, we will be losing much heat. With two furnaces going however, it should be livable. We are anticipating the updating of the building to make year around shooting possible and this is the starting point to establish a base line for comfort and afford us the opportunity to based future improvements on actual usage experience. The results will be posted on the MRRA site and the reward is the joy of participation.

Advance notice to Mike Marzitelli at 651-489-9164 or an email to him at mmarzitelli@hotmail.com is well advised. This is necessary in case weather becomes such that the risks of getting to the match outweigh the benefits from attendance.

If there is interest, we can once we begin improving the building to close to what is enjoyed at the 300 meter shooting house, schedule monthly matches year around.

Make a statement and plan on attending this match. It will be an opportunity to shoot some of those new guns acquired over the course of the winter as well.
