Lee, Howard	EX	187-4 1 st	178-0	189-3	186-3 1 st	740-10 1 st

The wind was light and variable. The temperature and humidity were high. This made for some challenging shooting. There were no 200s posted during this match, so the Elk River "shuffle" continues to vex the shooters. Collin Blahut, shooting as a junior for the last year, was the match winner with a fine score of 793-28. Close behind was Dale Wickstrom who posted a 790-33 to take first Master honors. William Davis of Englewood, Florida, is on his way to Canada to compete in their National Championship match and decided to stop and do some tuning up. He shot a very respectable 784-35.

The Elk River Sportsman Club was very pleased to see competitors for the F-Class match. The official F-Class targets were used for this match so the scores may appear to be low. However, this is a much more difficult target than the MR target. Congratulations to Howard Lee for being leading the scoring in the F-Class match.

Our next NRA Approved Mid-Range and F-Class match will be held in September. Please visit our web site at www.ersportsman.com for more information regarding this match and for other event dates. We look forward to seeing all of you on our range in the near future.
