Robert W. Smith attained a personal best this evening.  
Congratulations RW.

Robert commented this evening that many of our shooters regularly score at levels which would make them national contenders, minimally in the top twenty of the nation. We should be considering entering some of the National Matches as a team as we would be contenders. With sharing of transportation and housing, it would be affordable. Most are held in Colorado Springs. Incidentally, we would be reimbursed for 50% of team match fees by MRRA. It should be considered for both future air pistol and free pistol events.
