

300 Meter Prone Championship Sunday, April 05, 2009

The weather cleared after the spring snow the night before. Shooting conditions were good with some wind. 10 shooters competed on the 300 M International Electronic C 1 Target. The first match is unlimited sighters followed by 60 shots for record in 60 minutes using iron sights. The second match is any sight, unlimited sighters and 60 shots for record in 60 minutes. There was enough wind to keep the match interesting!

Keeping with International Rules the State Champion is determined by the Iron Sight Match (1)

Match 1 (Iron sight):

Kurt Kisch is State Champion shooting a 588

Stacy Tamulinas was 1st. with a 585

Match 2 (Any sight):

Bill Lair was match winner with a 575(won on X county)

Charles A. Dahl second with a 575

Match 3 (Match 1 & 2 aggregate)

Stacey Tamulinas was Match Winner score of 1159

Bill Lair was 1st High Master with a 1159 (Lost to Stacey on X count)

Ed Facundo was 1st Master with a 1130

Steve Boerboon was high Expert with a 1110

Brian Shiffman was high Sharp Shooter with a 1050

A summary of all scores is below. Due to a software issue the total X count was not recorded. I wish to thank all the shooters that came to the match! Minneapolis Rifle Club plans to hold the matches again next spring. I hope to see more shooters in 2010.

Thanks!

George Minerich

Name	Match 1	Match 2	Match 3
