

**The June 20th Mpls Rifle Club 1600 Smallbore Prone Match
By Chad Danielson**

The 2nd 1600 in M.R.C.'s summer series of one day prone matches, saw 10 shooters fire the match, with Junior Shooters out numbering the adults 6 to 4 on this particular day. The days conditions were not bad for shooting good scores, winds were for the most part manageable, although occasionally could sneak up and get shooters if ones attention to the stronger breezes slipped.

In the end Ross Ewert came out Match Winner posting an impressive 1591-108X, with two 200's along the way, one 200-15X in the 50 yard match, and one 200-15X in the 100 yard match

Following Ross in the standings were Junior Shooter Alex Giesar posting a 1574-78X winning the Junior Category , followed by Jim Biles just a point behind him at 1573-73X for 3rd overall

Up and coming Sub-Junior shooters with bright futures Eric Hazelton and Samuel Ewert battled it out all day through all the matches just a point or two between them in each match with Eric narrowly edging out Samuel in the end by only six points 1539-52 to 1533-43.

It was encouraging to see the strong junior turnout for the match, and we are looking for an increasing adult turnout for the next 1600 Course coming up on Sunday July 18th, 2010. Adult shooters have several Junior class shooters closing the talent gap quickly in the smallbore prone game.
