What is Highpower Rifle competition?

Also called "Across the Course" (ATC or XC) Highpower Rifle is shot with "Service Rifles", which include the AR15, M1 Garand and the M14 (M1-A) or "Match Rifles" which include any center fire rifle capable of holding 5 rounds with metallic (non-optical) sights.

Shooting Positions

Offhand: 200 yards

(Standing with no support for the rifle) Is shot slow fire, the rounds are loaded and fired one at a time. You have 22 minutes for 2 sighting shots and 20 shots for record.

Sitting: 200 yards

Is shot Rapid fire in 2 10 shot strings. Shooters start from standing, when the targets come up the shooter has 60 seconds to get into sitting position and fire 10 shots with a mandatory reload.

Prone: 300 yards

At 300 yards the prone position is shot rapid fire in 2 10 shot strings. As in sitting, the shooters start out standing and when the targets come up the shooter has 70 seconds to get into position and fire 10 shots with a mandatory reload.

Prone: 600 yards

At 600 yards the prone position is fired slow fire. Loading and firing one shot at a time, the shooter has 22 minutes to fire 2 sighting shots and 20 shots for record.

Equipment needed.

Besides a rifle you will need 88 rounds of ammunition, 80 shots for record and 8 for sighting shots (2 per position).

Two magazines, enblock or stripper clips (for reloading during rapid fire stages).

Shooting Glasses and Ear protection.

Recommended equipment

A rifle sling, shooting mat, shooting coat, shooting glove, spotting scope and stand, extra magazines, enblock or stripper clips, bug juice, water and maybe a snack

Come, compete and make new friends!

Learn from fellow competitors and perhaps become a National Champion.

[You can do this!](#)

We also will be hosting Mid-range matches which are fired from the prone position slow fire at 300, 500 and 600 yards
