The day started wet and cool and ended dry and warm. With the shooting house however, it was a pleasure with good conditions for shooting. The wind was minimal. This was the first time out for many. It is amazing how one can deskill when one doesn't practice. The shortage of 22lr ammo doesn't help matters. We had 11 shooters with several regulars not able to attend. All in all, a good turnout and a good time.

Of special note, Karl Studt scored his personal best in Free Pistol. Well Done Karl. We have watched Karl accelerate through the ranks this last season in Air Pistol and I suspect we will watch him do the same this season in Free Pistol. Congratulations Karl.
